JANUARY 2021

A MONTHLY UPDATE OF PARTICIPANT HAPPENINGS

2020 was a surprising year. Just like each of you, we had to pivot and navigate the ever changing situation. Anthesis adapted our programs to reflect new COVID regulations and we moved into a new office. Thanks to everyone's support and kind efforts, our focus has remained supporting the participants as they work towards their individual goals. As 2021 gets underway, Anthesis is looking ahead to a year full of opportunity. As a community, we look forward to coming together to make 2021 a productive and hopeful year!

Sabrina Y. from ADC poses with her very own hand made sock snow man and cannot wait to give it away to her family and friends. Sabrina worked very hard to create special holiday surprises to give away to her loved ones. To make her snowman, Sabrina used socks and decorated her snowmen with colored markers.

Bob M. is a member of the Transition Program and is working at DCL Logistics for the next two weeks. Like all distribution centers right now, DCL is experiencing a substantial increase in business and needed the additional help. When asked, Bob stepped right up and wanted the job. Great job, Bob!

Amy T. from ADC created her very own winter scenery with festive cutouts that she created, along with her Instructor's help. Amy was exceptionally excited to create her winter scenery craft as she looks forwards to celebrating Christmas every year with her family and friends.
